X. Town Manager's Update

- Vermont Council on Rural Development asked the Town Manager to advise the Selectboard that the Vermont Council on Rural Development is looking forward to working with Milton and have committed Community Visit services this year. However, in light of the ongoing pandemic they are unable to commit to a certain timeline. The Vermont Council on Rural Development will get back to the Town as soon as possible.

- Street trees for the Route 7 Streetscape Project were to be ordered for installation this spring. As a result of the work stoppage, Weston Excavating is not going to order the trees which may delay plantings until the spring of 2021.
- A Town employee's spouse tested positive for COVID-19 this weekend. The Town will require the employee to stay home in order to comply with the 14 day requirement.
- A new washer and dryer have been installed at the Rescue Station to allow jumpsuits to be washed after calls without potentially contaminating the Fire Station. The Rescue Department is doing a great job staying safe and the call volume remains low.
- Don Turner, Jr. made a short video to the community to be shared on social media. The video asks for everyone's patience, understanding and cooperation as we deal with the challenges of the pandemic.
- The Town playgrounds, tennis courts and pavilion have been closed to help stop the spread of the virus.
- The Town is going to make a plea to trails and natural area users to practice safe social distancing. This weekend all areas were very busy and a number of people expressed their concern on social media.
- The Police Department is now being advised to start enforcing Governor's Executive Order.
- The Town Manager is working on coordinating a trash truck available to residents to dispose of up to two bags of trash and recycling, three days a week at a designated location in Town. The charge will be \$5.00 cash only, exact change only.
