Dan said that, on a recent site walk, he noticed that surface water was not draining well. He suggested using two platforms to cross the stream: one 16-foot and one 14-foot section with a step between the two. This would form a level bridge 20 inches above the surface. Dan priced the 14-foot and 16-foot 2x10s at ~\$231. From Poulin Lumber. 12-foot wood for the decking, which Dan would cut, is expected to be delivered next week. Additional screws would cost \$8 / 100. Total cost estimate is \$430.

Dan MOVED that we spend \$430 for the Lamoille Riverwalk repair materials. Bonnie SECONDED. Motion PASSED. We will first use the remainder of the Rise VT grant, then take the remainder from our 2021-2022 budget (\$2,000 per year minus \$50 for Association of VT Conservation Commissions membership.) William said he will bring his tools to the work day tomorrow.

Bonnie MOVED that the MCC be allowed to buy materials as needed to complete the Lamoille Riverwalk repair project. Laurie SECONDED. Motion PASSED.
