

## 25Engine 5

### **BASIC APPARATUS KNOWLEDGE:**

Engine 5 is a 1994 E-I Custom Pumper. The Engine is equipped with a 1500 gallon per minute HALE Pump and carries 1000 gallons of water. Engine 5 serves as the attack unit for vehicle fires and accidents for the Milton Fire Department. It carries vehicle extrication and stabilization equipment. It also serves as secondary pumper, backing up Engine 6.
